Hi Patrick,

I am wondering if you can please tell me if ALL rooms at Malibu High School have been released including Room 303.

I look forward to hearing from you.

Very Sincerely,

Joni Marcellino

Hi Joni-

Thanks for your email. In regards to the classrooms being cleared, it is our understanding that a few rooms still remain closed (Room 303 of the Music Building, and Room 506 of Building G). This is based on the latest information we received from the district: <http://www.smmusd.org/PublicNotices/Malibu.html>

As for the soil component of PCBs, the State's Department of Toxic Substances Control (DTSC) is the lead on this manner. Maria Gillette (Maria.Gillette@dtsc.ca.gov) should be able to provide you with the most up-to-date status.

Thanks,

Kelly
